

Why Your Clients Need Both

PROFESSIONAL & GENERAL LIABILITY

Spring Professional & GL Hit List

Many clients think General Liability is enough by itself - when in many industries it isn't. Especially if their business involves their professional expertise, which isn't covered under General Liability. Nor is misrepresentation, violation of good faith and fair dealing, or negligence - but they are under Professional Liability, which is why it's important in many industries to have both. Here are a few of the risks we've recently covered with Professional and GL at Hull & Company Dallas:

CLASS	LINES COVERED	PREMIUM
Medical Imaging Center	Professional, General Liability and Data Breach	\$2,500
Landman	Professional, General Liability and Pollution	\$2,986
Home Health Care	Professional, General Liability, Abuse and Molestation and Data Breach	\$3,000
Oil and Gas Consultant	Professional and General Liability	\$6,500
Crisis Consultant	Professional, General Liability and Data Breach	\$9,024
Project Manager	Professional, General Liability and Data Breach	\$3,150
Building Commissioning	Professional and General Liability	\$19,000
Technology Consultant	Professional and BOP	\$1,968
Real Estate and Property Management	Professional and General Liability	\$5,500
Medical Device Representative	Professional and General Liability	\$7,800
