# Event Insurance, Terrorism/Sabotage & Active Assailant Coverage

## Event Insurance

When it comes to events, there are a lot of moving parts, which means a lot can go wrong if the unforeseeable happens. Our event insurance offering is a broad package solution, combined cancellation coverage, general liability and commercial property under one policy. Optional extras available for adverse weather, communicable disease, enforced reduced attendance, and terrorism.

## Terrorism & Sabotage

Many traditional property policies lack coverage for the increasing risk by terrorism and sabotage. Our terrorism and sabotage program protects against political, religious and ideology acts, and includes coverage for damages to premises, business interruption, restriction of access, and contingent loss of income.

## Active Assailant

Incidents involving individuals looking to bring harm to people in public spaces have sadly become more frequent, whereby 'active assailants' pose a threat to people and organizations. Our Active Assailant program offers incident response and crisis management services, victim compensation, damages to property and interruption of the business.
